

## Tanks and holding trays for storage of liquid chemical products

### TANKS

PE UV stabilized holding tanks are provided with 2 flat surfaces for securing the tank.

PE dosing tank, natural/transparent

Volume (l)	Diameter2 (mm)	Diameter1 (mm)	Height (mm)	Material	Reference
60	647	607	270	PE / Transparent	CUR0050
140	811	727	370	PE / Transparent	CUR0150
250	917	807	520	PE / Transparent	CUR0250
500	1155	1009	670	PE / Transparent	CUR0500

### TRAYS

Dosing tanks allow the secure storage of liquid chemical products.

PE tanks, manufactured by rotational molding, are filled with graduations in liters and gallons

PE dosing tank, natural/transparent

Volume (l)	Diameter (mm)	Height (mm)	Net weight (Kg)	Reference
60	410	590	5	SNG0050
100	500	760	7	SNG0110
140	500	860	9,5	SNG0150
250	650	1100	17,5	SNG0250
500	820	1190	24,5	SNG0500
