AQUA TESTER 3

3 parameters:

- ▶ Free and Total chlorine
- ▶ pH
- ▶ Cyanuric acid

AQUA TESTER 6

6 parameters:

- ▶ Free and Total chlorine
- ▶ Bromine
- ▶ pH
- ▶ Cyanuric acid
- ▶ Calcium hardness
- ▶ Alkalinity

Technical features

Direct reading colorimeter with dual wavelength:

- Easy to use (4 buttons)
- LCD display: 128 x 64 pixels
- Operating temperature range: from 0 to 50°C
- Test tube of 25 mm
- Blank/Zero: backup in memory
- Size: 150 x 65 x 40 mm
- Weight: 200g (batteries included)
- Waterproof rating IP 67
- Delivered in a case for a better protection and preservation
- Included with the photometer a box of 100 tablets per parameter
- Delivered without logo

Compositions and References

AQUATESTER 3

Reference: PCC0003

Included:

- 1 photometer
- 1 user guide
- 4 crushing rod
- 1 test tube brush
- 4 test tubes

Tablets: 4 boxes (100 tablets/box)

- Chlorine (DPD1)
- Chlorine (DPD3)
- pH
- Cyanuric acid

AQUATESTER 6

Reference: PCC0006

Included:

- 1 photometer
- 1 user guide
- 6 crushing rod
- 1 test tube brush
- 6 test tubes

Tablets: 6 boxes (100 tablets/box)

- Chlorine (DPD1)
- Chlorine (DPD3)
- pH
- Cyanuric acid
- Alkalinity
- Calcium hardness

Tablets (boxes of 250)

PCC1000	Tablet DPD1 (Free chlorine and bromine)
PCC1001	Tablet DPD3 (Total chlorine)
PCC1020	Tablet DPD4 (Direct total chlorine)
PCC1002	Tablet RED PHENOL (pH)
PCC1003	Tablet Cyanuric acid
PCC1004	Tablet Calcium hardness
PCC1005	Tablet Alkalinity

Accessories

PCC1006	25 mm test tube
PCC1007	crushing rod
PCC1008	test tube brush
